COUNTY HOME CHILDREN  
Predominate in Attendance at Sawyer District School—Authorities Discuss Matter of Changes.

An important meeting between the county commissioners, Messrs. Hall, Cortis and Day, Superintendent of the county home, and Temporary Home, D. C. Park, the matron, Mrs. Park and Charles L. Torrey and E. H. Johnson, a committee of the town school board, was held in Mr. Torrey's office Monday morning. The meeting was in reference to school conditions in the Sawyer district where the County Home is located. The school board finds that there are only 10 or 12 pupils in the Sawyer district school that come from the outside the home while from 70 to 85 pupils attend the home. By the arrangement entered into sometime ago with the county commissioners, which agreement is still in effect, it is found that for the last three years it has cost the county but from \$4 to \$8 per capita per year for the home children for the pupils outside of the home. The contract which is now for four years was made some 18 or 20 years ago when the number of children in the home was much smaller than at the present time. The school board feels that it would be cheaper to close the Sawyer district school and transport the children whose home are in the town to some other school than to maintain the school under the present arrangement. It is felt that the town should not carry this burden of expense for educating children from all parts of the county who become inmates of the temporary home. It was for the purpose of putting the matter before the commissioners that the meeting was called and held. While the matter was discussed at length the commissioners wished time to consider the situation so no definite plans were formulated or action taken and the matter was open for further consideration and discussion at a future day.

Enthusiastic for Suffrage.  
(Continued.)  
At a most interesting suffrage meeting held Saturday afternoon at the home of R. P. Danielson, Putnam Heights a meeting of suffragists from all over Windham county, Miss Rosamond Danielson, chairman of Windham county, presided.

Interesting reports were given from various leagues, telling of work done in the past, and what each one hoped to accomplish in the future. The suffragists in this county are not going to sit down and simply believe in votes for women, they are going to work for them.

The speaker of the afternoon was Mrs. Annie Porritt of Hartford. In her quaint and forceful way, she urged everyone to do "something," saying "the sin of doing nothing."

Miss Washburn, state secretary, told of the value of the Woman's Journal in winning converts, who are thoroughly versed in facts regarding the work of the women in state where they are now enfranchised. To close Miss Whitcomb and Miss Birtwell of Massachusetts spoke of the work on how the work is carried on in a campaign state, and told us how Connecticut might help her neighbor, Massachusetts to win a victory.

After the meeting, sandwiches, cake, tea and punch, and suffrage candy were served. The enthusiasm of the meeting was such that the speaker, who comes from exchange of ideas, and the delightful social intercourse made the meeting a decided success from every point of view.
